

iWave Screening: Better Data, Better Results

iWave Screening combines the most comprehensive donor data with the best-in-class technology to fuel fundraising strategy from start to finish—and help your organization raise more donations. Segment thousands of individuals or institutions you know little about into a prioritized list of prospects with the greatest capacity and inclination to donate to *your* organization.

iWave Screening Enables You To:

Segment Ideal Donors

Identify and prioritize high-net-worth individuals who are philanthropic and have an affinity for your cause.

Uncover Important Insights

Get a holistic view of your donors and embed data in every decision, interaction, and process.

Work More Efficiently

Connect iWave to your DMS to screen thousands of contacts or leads directly in your CRM.

Enrich Your Donor Database

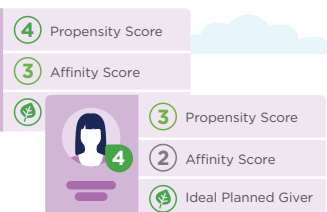

Accelerate your fundraising with up-to-date donor information. Scores and key indicators enable you to get a quick snapshot of the desirability of prospects in your donor funnel.

Wealth Indicators

- Real Estate Holdings
- Income
- Stocks and Assets
- Estimated Capacity Value
- + more

Philanthropic Indicators

- Donation Values by Cause
- Foundation Affiliation
- Donations Count
- Largest Gift
- + more

Scores & Ratings

- Propensity
- Affinity
- Capacity
- Planned Giving
- + more

Shape Your Fundraising Strategy with Actionable Insights

Use iWave Analytics to interpret and segment your data—and make proactive, data-driven decisions.

INSIGHTS

Prioritize prospects and find hidden gems in your own database.

ENGAGEMENT

Identify the best-suited channel to engage prospective donors.

CULTIVATION

Determine the ideal messaging to use when cultivating your prospects.

PLANNED GIVING

Segment and focus your planned giving efforts on ideal planned giving prospects.

DASHBOARDS

Understand trends within your donor portfolios at a glance.

YOU'RE IN GOOD COMPANY WITH iWAVE

“

Before using iWave I was individually researching thousands of people. Now I can screen prospects across all kinds of data and pinpoint the top percentage who come back above a certain threshold — that takes half an hour. **iWave has helped us exceed our fundraising goals every year.**”
